(By petition)

A motion to dismiss this article was seconded. Discussion followed with several speakers. It was brought out that this would put a very sharp V-shaped turn in the road at the Philbrick-Bailey cemetary at the foot of a hill, which would be dangerous to negotiate at anytime and it would also be impossible to keep in satisfactory condition many times in the winter for the mail route. The vote was affirmative for dismissal of the article.

ARTICLE 26: To see what sum of money the Town will raise and appropriate for the purchase of a new fire truck to replace Truck No. 4.

Finance Committee recommendation: None.

A motion by Wilder D. Tenney to raise and appropriate $19,000.00 for a new fire truck was supported by Frederick Cleveland. Discussion followed. It was pointed out that Truck No. 4 is almost 23 years old, and it is hard to get parts to repair it when necessary. Also insurance on old vehicles of this type is increasing in cost, and other trucks will also have to be replaced within a few years. The vote was affirmative.

A motion by Robert Munro was seconded and it was voted to finance the fire truck over a seven year period.

ARTICLE 27: To see what sum of money the Town will raise and appropriate for the purchase of a Police Cruiser, 40% of the cost to be

furnished by the Federal Government under the National Highway Safety Act.

A motion to dismiss this article was seconded and discussed. The vote was unanimous for dismissal.

ARTICLE 9: A new motion for Article 9 by Robert Hyman to raise $6700.00 for the Weare Police Department was seconded and the vote was affirmative.

ARTICLE 28: To transact any other business that may legally come before this meeting.

The following resolution was read by Raymond L. Rogers: "Be it resolved that this Town Meeting go on record as being opposed to any State Sales and or Income Taxes, and that any future action regarding the same be the subject of a Special State Referendum held not later than 15 March 1972."

Raymond L. Rogers then made the preceeding resolution a motion which was seconded. The vote was affirmative.

Proceeded to count the ballots.

ANNUAL REPORT
of the
WEARE POLICE DEPARTMENT

Calls for Police totalled 345 for 1971, an increase of about 12% over the previous year. This increase has been steady over the last number of years, and is in keeping with the National trend. There was a decrease in Motor Vehicle accidents, but an increase of Motor Vehicle Violations of the law. Breaking, entering, and larceny remained about the same.

Assistance to other Police Departments rose sharply, as did investigation of suspicious persons and complaints of committing nuisances.

The stealing of articles from closed up camps, and summer residences is one of our biggest problems. People are coming into towns such as ours to do their shopping in these vacant houses. Household articles, tools, clothing, bedding and furniture are taken to supply the homes of the thieves.

Another class of burglar takes money, licquer, television sets, portable radios, and anything that can be turned into money to purchase drugs. Some have stolen articles to get money to pay their fines, assessed by the Courts for some previous crime.

Be observant as to who is around and the cars they travel in. Take down Registration numbers of any cars, suspicious or strange, also description of persons in them or hanging around. They may be looking over your place, or another in the vicinity to burglarize.

Do not let any strangers in your house, and call the Police for a check on those attempting to sell you articles or services. Ask for identification and check it out.

Take your valuables and articles which are desirable to steal with you when you leave your house or camp for a period of time. Money, guns, radios, televisions, licquer, and tools are what most of the burglars are after.

Patrolling of the town is a big problem. Unscheduled patrol is done, but only scratches the surface of a town as big and scattered as Weare. Checking of camps and summer residences is done frequently.

Daytime robbery is common. The thieves just back up a car or truck, load in what they want and nobody gives it a second thought. We have got to have more assistance from the public to catch up with these robberies. Be observant and be able to give correct and detailed information about situations you observe. They may not look suspicious, but may be connected to the breaking into buildings and stealing of property.

More patrol should be done nights and weekends to observe what is going on, as well as for traffic control and motor vehicle violations.

The Minibike, Snowmobile, and 4 Wheel Drive Vehicles all add to the problem of breaks, etc., in remote areas.

Patrol in 1971 cost about $2300 and represents 650 hours and 8000 miles.

It is still possible to obtain about 50% of the cost of a town police vehicle from the Highway Safety Program. We did not get approval for a third radio on the State Police frequency, which we need, and have not as yet gotten the additional frequencies put into our present radios. These items budgeted in 1971 will have to be included in the 1972 budget. These items, if purchased last year, would have used the remainder of our appropriation.

The Weare Police Department needs the whole hearted cooperation of all of our citizens. Keep your eyes and ears open and report anything you think we should know about. We will check any information and incident. We need Vehicle Registration numbers, good descriptions of vehicles, persons, date, time of day, location, and what took place. With the assistance of the public we would like to reduce crime in Weare, and make it a more desirable place in which to live.

Support your local Police.

Weare Police Department

ANNUAL REPORT of the WEARE FIRE DEPARTMENT

Alarms answered during 1971 numbered 32, which has been about average for the last few years.

Losses were low, although 2 camps at Horace Lake were totally destroyed before the fire was discovered. Nine building fires, 1 chimney fire, 6 motor vehicle fires, 2 brush fires, 4 dump fires, 2 oil heater fires, 2 nuisance fires, 3 investigations of smokes, 1 false alarm, and 2 fires in cooking stoves were responded to.

Several of those building fires were set as a prank, and while the buildings burned were of little, or no value, it constitutes arson, which is a serious crime.

The Forest Fire season was very favorable, a wet season, keeping down the number of brush and grass fires. Burning may be done only with a permit, and then, only under proper conditions. Call the Forest Fire Warden for a permit. Use care with all fires.

Five fires responded to were out of town. Mutual Aid is one of the most important phases of fire control. No one knows when help from other towns may be needed here. We may need to call out of town assistance, not for additional equipment, but for manpower, during the day, when most men in Weare work out of town. Changes were made in No. 1 truck to enable fewer men to more quickly get into operation at a fire. Speed in reporting fires, quick response, and prompt and efficient extinguishment, are what keep fires and losses from fires small.

A new truck is on order to replace No. 4, which is 23 years old. This truck will be more efficient, and will include additional equipment, a generator, lights, better ladders, and have additional space to carry air

masks, protective clothing, more hose, a smoke ejector, and other equipment.

The Ramp at the Center Station was completed and the old Ramp hot topped over as well as the Ramp at the South Weare Station.

Additional equipment included 200 ft. 2½" hose, 200 ft. 1½" hose, a variable volume fog nozzle, coats and boots. The company purchased several suits of protective clothing. New tires were purchased for the front of the Tank Truck.

A Rescue Sled was built to go behind a snow mobile. A wire basket litter can be lashed onto it.

Regular monthly meetings and monthly training meetings were held as well as several drills. More training is needed to bring up the level of efficiency. The fires we have do not make much training possible, as they are few and small.

The Ladies' Auxiliary and the Fire Department held a dance as well as their annual Strawberry Festival, and Christmas Party.

The Red Phone operators answered over 475 calls during the year: Calls about fires 50, Rescue 59, Police 216, Information 45, Services 15, Civil Defense 5, Power Failures 8, Lost Dogs 14, Forest Fire Warden 6, Messages delivered 11, Wrong Numbers 30, False Calls 11, also several others.

It will be necessary to substitute something different for a reporting and alarm system in the future. This Red Network operation is too confining and exacting to be done as in the past.

The Rescue Squad answered 46 calls during the year. This is an increase and adds to the expense of maintaining the Fire Department. Allowances should be made for it in the appropriation.

A First Aid Course was held but was not well attended. More firemen will have to take the courses, and all who hold Red Cross cards are required to take refresher courses every three years.

The new law regulating Ambulances makes it necessary that the men operating any rescue or ambulance function be trained. Our operations have always been of a high caliber, and our rescue and transportation equipment most adequate and satisfactory. Today, the so called experts want to control most everything. There is great opposition to this new law and its administration.

The Electric System in the Central Station is no longer adequate for the present load on it. The steam piping from the furnace will have to be changed over as a result of the demands of the new addition.

Think Fire Prevention all the year and we will all gain. Fires are always a loss in spite of insurance we may have, and protection from injury or loss of life, goes along with good fire prevention.

Keep heating systems in good order, clean, and properly adjusted. Get rid of rubbish, and make your home fire safe.

The assistance to the department by the people of Weare is appreciated.

Gerald H. Hight, Chief
Weare Fire Department

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

LEST WE FORGET – IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalant on the west coast with their dry seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellar-holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947. Nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand – a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them dead out when leaving.
4. Most Important – Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year – 1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned – 1971 season:

STATE	463 fires	160 acres
DISTRICT	106 fires	61½ acres
TOWN	2 fires	½ acre

WEARE LIBRARY

The appearance of the library has been very greatly improved by the use of a lighter wall paint, freshly painted ceiling, and new antique white window shades.

Summer patrons and newcomers to our town comment favorably on the quality and variety of our book selections.

The school band continues to use the room downstairs for practice on Tuesdays.

REPORT BY
THE CONSERVATION COMMISSION
FOR TOWN MEETING MARCH 1972

The Conservation Commission was established by vote of Town Meeting March, 1967. It is authorized under state law RSA 36-A. In 1971 the Town voted $750 to establish a Conservation Fund to accumulate from year to year.

For conservation purposes, the Commission is authorized to accept gifts or bequests of land and, for its Conservation Fund, gifts of money, all subject to approval by the Selectmen.

No request is made by the Commission for an appropriation by this Town Meeting.

Considerations of the Commission in 1971 have included:

Offering of town and road maps which occasioned considerable interest and use.

Greater interest in the Weare Historical Museum was encouraged. The Weare Historical Society was organized as a result of a committee originally appointed by the Commission.

The Commission interested the Fish and Game Department in the reclamation and conservation of a meadow area for fish and wildlife. This awaits and depends upon acceptable terms of purchase by that department.

Further study given to ways and means of protecting interests of the Town from extensive and rapacious excavation and removal of gravel. Proposed ordinance prepared for consideration of this Town Meeting.

Preparation of proposal for grant of funds by the Ford Foundation for engineering study of sewage pollution condition at center schools area of the Town and for consideration of this Town Meeting.

Certain recommendations by the Commission had been delayed by elimination of the Planning Board. Various long range aims and purposes of the Commission take time for accomplishment, as for example, and as previously stated, "The best investment Weare can make is in its open spaces if the Town wants to maintain its four season natural beauty" – dependent upon public policy and private ownership with due regard for the public interest.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE SCHOOL BOARD AND CITIZENS OF WEARE

I herewith submit my tenth annual report relating to the schools of Weare.

The reasonable assignment of the student enrollment for the 1971-72 school year necessitated the acquisition of temporary classroom space. Two portable classrooms were rented and have proven to be a satisfactory temporary solution to the overcrowding that existed in both the Weare High School and the Weare Central School.

The following table indicates the population growth in recent years:

Grade	1965-66	1966-67	1967-68	1968-69	1969-70	1970-71	1971-72
1	29	30	31	48	67	45	33
2	42	30	37	29	39	53	41
3	28	41	27	37	33	43	51
4	31	31	43	25	38	31	43
5	24	35	29	46	28	37	33
6	33	28	35	29	48	30	36
	187	195	202	214	253	239	237
7	27	38	39	34	30	44	36
8	54	68	67	72	39	34	48
	81	106	106	106	69	78	84
9	26	25	24	27	34	35	40
10	33	26	24	22	29	38	33
11	22	32	20	24	23	28	28
12	26	19	24	18	20	23	18
	107	102	92	91	106	114	119
	375	403	400	411	428	431	440

The above table represents an increase in enrollment in excess of 23% in 6 years.

Weare is facing a serious crisis in the immediate future in terms of school housing. Comprehensive studies must be undertaken to make a determination of our specific needs and the best solutions to our problems from a standpoint of the educational welfare of our students and the general economic welfare of the community.

GUIDANCE

The Guidance Department under the direction of Mrs. Jean Merrill schedules the testing programs of the State of New Hampshire Department of Education for Grades 4, 6, and 8 and Sophomore Preliminary Scholastic Aptitude Test and Stanford Tests. Preliminary Scholastic

Aptitude Tests are scheduled for college applicants on a voluntary basis. Applications are made available for juniors and seniors to take Scholastic Aptitude Tests and Achievement tests. Various speakers meet with interested students relative to occupational and post-secondary school information. Branches of the military and nursing profession have made presentations to the students who have elected to participate in the activities. College open house notices are posted to notify the students of opportunities of visitations. Conferences on students' grades and various problems arising at school are held with students when necessary.

Three of our students, planning to do advanced work at nearby colleges, have applied and have been accepted. We have completed a survey of student vocational and educational interests and are compiling the results. Members of the junior and senior classes are encouraged to submit applications to the colleges of their choice early in their program. Seniors usually complete the mailing of their applications early in February of the senior year.

BUILDING NEEDS STUDY COMMITTEE

There is currently at work a Building Study Committee endeavoring to determine recommendations to make to the citizens relative to the building program that Weare should undertake. Serving on the committee are Peter Bechtel, Joseph Brennan, Gordon Brown, James Craig, John Downes, Roger Griswold, Joseph Lanctot, Eldon Townes, and Gordon Traver.

The committee has met with representatives of the State Department of Education in regard to curriculum and building problems faced by Weare. No date has been announced for a final report.

GORDON TRAVER, PRINCIPAL

After an absence of 12 years, during which time Gordon Traver served as a teacher in the city of Manchester schools, Mr. Traver returned to Weare to once again assume the duties of Principal of the Weare High School and Central School.

Mr. Traver has reorganized the schools and instituted fair practices of school procedure generally accepted by students, parents, school board and the administrators.

Additional changes in staff this year include Donald Francoeur, English, Mrs. Pamela Hill, French and English, Alan Kossove, Science and Math, Mrs. Karen Kossove, Home Ec, Alfred McCaffrey, Social Studies, William Miller, Social Studies, Mrs. Marcia Robinson, Grade 2 and Mrs. Pamela Shepard, Grade 4.

ACKNOWLEDGEMENT

I wish to express my sincere appreciation for the loyal support and cooperation extended to the administration by the principal, teachers, students, school board and citizens of Weare, and the entire staff of the N.H. Supervisory Union No. 19 office personnel, Paul Kilmister, until recently Assistant Superintendent of Schools, Wayne Evans, Business Administrator and Mrs. Ruth Henk, Mrs. Harold Smith and Mrs. Florence Schricker of the office staff.

Respectfully submitted,

Ernest Peltonen
Superintendent of Schools

The PTA again sponsored a dental health program in cooperation with the State Dental Bureau: for a minimal charge per child, one hundred and seventeen school children in first through sixth grades received a dental appraisal, had their teeth cleaned, and were given an application of topical flouride.

A film on menstrual hygiene was shown to all sixth and seventh grade girls, and appropriate literature distributed.

TB skin tests were given to all but a few members of the school staff, by Miss Constance Martin, R.N.

Mrs. Burton from the State Dental Bureau visited all the children in first through fourth grades, and talked to them about the importance of good dental hygiene, using film strips and demonstration aids.

One staffing was attended on a student with learning disabilities at the Manchester Rehabilitation Center.

A Mother-Daughter Life-Saving program sponsored by the American Cancer Society was made available by the School Health Department and the PTA to all Junior and Senior High School girls and interested mothers.

A program on venereal disease, conducted by Mrs. Marie Ericson from the State Bureau of Communicable Disease, was made available to all high school students, was attended by fifty-eight students and four teachers, and was very well received.

A series of immunization clinics held in New Boston and sponsored by the State Department of Health, were advertised and made immunizations available to Weare pre-schoolers and children in first through sixth grades.

Pre-school registration was held in May. Sixteen children attended and were screened for vision and hearing defects and were seen by a dental Hygienist. Another pre-school clinic date is planned for August.

We should like to extend our thanks to the Superintendent, the teachers, the School Board, and to parents for their help and cooperation during this past school year.

Respectfully submitted,

Margaret Downes, R.N.
